

Croptimiz-r storage computer

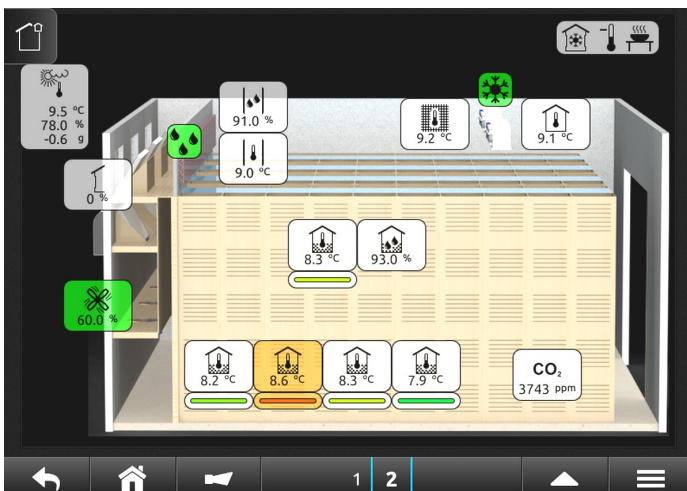

With the Croptimiz-r storage computer Mooij Agro introduces a revolution in storage climate control. The Croptimiz-r offers you the most Personal Touch.

Now you can optimize your storage conditions through the use of our new Touch-screen controller and PC management software, reducing energy use and overall storage costs. Want a quick overview of the conditions in your storage? Your personalized 3D storage overview shows you what's important in one glance.

Our challenge was, to develop the most intuitive storage controller with the following advantages:

- Personalized 3D storage overview
- Ease of use
- Different levels for data exchange
- Full control of all processes
